Professional Summary

Experienced full-stack developer with a decade of experience building reliable, maintainable web applications across frontend and backend technologies. Comfortable working across the stack to design, implement and ship production software that scales.

Professional Experience

Fullstack Developer

2018 — Present

- Built and maintained full-stack web applications using the MERN stack.
- Designed REST APIs, optimized performance and improved developer workflows.

Backend Developer

2015 — 2018

- Implemented RESTful services using Node.js and Express.
- Managed database schema and tuned queries for performance.

Frontend Developer

2011 — 2015

- Created responsive UI components with modern HTML, CSS and JavaScript.
- Collaborated on designs and produced pixel-accurate implementations.

Skills

Frontend

- HTML5, CSS3, JavaScript
- React, Vue.js
- Responsive design

Backend

- Node.js, Express
- Python, Django
- MongoDB, PostgreSQL

API

- MERN stack/AWS/Firebase
- API design & testing
- Git version control

Education

Computer Science

Certified Google Dev
